REFLECTING ON 2018 AND LOOKING FORWARD TO A NEW YEAR
BY: DAVID J. CANEPA
San Mateo County District 5
Supervisor, dcaneapa@smcown.org, 650-363-4372

As the holidays approach, it’s time to reflect on the past year and to look ahead to a prosperous 2019. I’m finishing up my second year as San Mateo County Supervisor and I must say I feel so blessed. My young son Piero is 16 months old now, walking strong and ready to talk.

My office held some great events this year, including a health fair at Serramonte in November and an Emergency Preparedness Fair at Skyline College in April. Our office also facilitated the first ever CPR training for freshmen at Westmoor High School in partnership with American Medical Response.

We broke ground on a new library in Brisbane this year with a $2 million investment by San Mateo County. We also contributed $2 million for the expansion of the Daly City Youth Health Center, where youth receive primary care at the medical clinic and counseling from county behavioral health professionals. The center plays an integral part in the everyday lives of thousands of youth and I’m proud to support it.

Our office also contributed to various local nonprofits this year including the North Peninsula Food Pantry and Dining Center of Daly City. We also contributed $50,000 to the Colma Fire Protection District to purchase life-saving breathing apparatus.

Mayor Clarke Conway presenting the 2018 State of the City speaking about the 2018 Volunteer of the Year, Nancy Colman, and her vision and leadership in creating Brisbane Village Helping Hands.

A TERRIFIC MEETING PLACE
BY: ALISON WILSON
Brisbane Chamber Director Marketing / Sales alison@brisbanechamber.org

47 Hills Brewing Company is the community living room for travelers, employees, drivers, business meetings, families, and parties. It is a great place to simply wait for SFO passengers, meet with friends and/or co-workers, study, and to enjoy the outdoors. John Tucci, President & Founder, opened the conversation saying, “Our taproom encourages all walks of life to take part in lively conversations and togetherness with our handcrafted wood tables, bar, and seating designed by Vice President & Co-Founder Drew Barrington.” He then asked me, “Did you notice that we do not have seating at the bar?” I said, “yes, I wondered about that.” He replied, “that is because we want everyone to feel welcome here in a family atmosphere, not a bar. We keep the tap room bright, not dim, to encourage our

In 2012 the concept of starting 47 Hills Brewing Company was crafted by John, a professional brewer and musician, and Drew, a professional construction artist and musician together they created a business plan, raised much needed capital to start 47 Hills, honed their mission statement, found the perfect spacious warehouse that was easily accessed, and purchased a 25-barrel brewing system to begin their brewery. Their dream was to make massive amounts of beer and create a space for people to gather and sample that in a warm, welcoming atmosphere became a reality in 2013. I asked John to talk a bit about his history as a professional brewer. He replied, “In 1992, I began my brewing career while living and working in Munich, Germany. I studied brewing and malting science and worked at Paulaner Brewery, Bavaria’s largest brewery. I returned to America in 1998 and began working for Gordon Biersch Brewery Restaurant Group where I oversaw brewery production, staffing, purchasing, inventory, maintenance and quality control at each location and has gained vast experience in all aspects of brewery operations and management.” I learned that he is a respected member of the local brewing community and is a founding member and former vice president of the San Francisco Brewers Guild formed in 2004. I asked John about his business partner, Drew. He commented, “Drew is a long-time connoisseur of handcrafted beer, especially local craft brews. He brings great needed building expertise to the table, along with a sizable network of contractors, tradespeople in the design and build-out of the brewery and tasting room, as well as in the day-to-day operations of the 47 Hills Brewing Company.” We then began talking about brewing beer. He commented “our goal is to build a responsible place for people to taste beer and enjoy each other. Look around and you notice that the taproom is a mirror to our crafted beer. We brew beer that is moderate and well balanced; we are not looking for the shock value or high alcohol content in our beer. We provide a friendly, pleasing taste with our beer made on site.” He said the tap room visitors are offered locally-sourced menu, to enjoy with their one-of-a-kind 47 Hills beer. Patrons can enjoy an 18-food menu ranging from fried squash quesadillas to guacamole mini burgers to salads and more.”

The 47 Hills Brewing Company thrives. The Chamber of commerce is to create an atmosphere where businesses can connect and thrive. The 47 Hills Brewing Company offers Blue Grass Music the 2nd Wednesday of each month and Trivia Tuesdays. With the ample space, guests have room to move, talk and enjoy each other.”

John ended the interview saying, “A business plan is never done. It is always changing. Drew and I are always examining what is working and what needs to be modified, looking for new opportunities and expanding our distribution. We truly want to give our customers the best fresh tasting beer in a welcoming atmosphere. Our beer and business is green centric. We recycle and reuse because we want to have a minimal waste footprint. We are an integral part of our community, the San Francisco Bay Area which is why we sponsored the Brisbane Star Music Festival, other community events and offer our beer at local restaurants and bars.”

Stop by 47 Hills Brewing Company, 137 South Linden Ave., South San Francisco, CA 94080 and say hello to John and Drew. They are open Tuesday - Friday from 3:00pm to 10:00pm, Saturday - Sunday noon to 10:00pm and closed on Monday. Their hours are Tuesday - Friday from 4:00pm to 10:00pm, Saturday - Sunday noon to 10:00pm. Contact them at info@47hillsbrewingcompany.com or call (650) 867-8476 and they can be found on social media.
One of my proudest investments was for the Skyline College Promise Scholars Program. It provides free tuition, books, transportation, and other services for about 700 incoming freshman a year. Another initiative my office is spearheading is Age-Friendly Cities. By 2030, it is estimated that 25 percent of country residents will be 65 or older. Age-Friendly Cities will identify projects that will improve the lives of our aging population. It’s being first piloted in Daly City, Pacifica and Redwood City.

As far as legislation goes, we expanded state law that ended charging juveniles who were incarcerated. I sponsored a resolution that forgave past charges that forgave $12.6 million in past due debt. This month, San Mateo County became the first to embrace SB 821, state law that allows cities and counties to expand its emergency notifications protocol. The county’s emergency notification system, SMC Alert, has about 70,000 subscribers but not many in northern San Mateo County. I'm going to the county to notify hundreds of thousands of residents during emergencies, such as the Paradise fire which has impacted air quality here.

David J. Canepa is a member of the San Mateo County Board of Supervisors serving Brisbane.

THANKFUL

BY: FREDREICK BEAMAN, Brisbane Chamber Board Member, VP/Treasury Sales Officer — Bay Area, US Bank, frederick.beaman@usbank.com 415-272-7223

After the past months of fires, we all take for granted the air we breathe. Not having to wear a mask or worry about our loved ones taking in toxic fumes. Of course our hearts go out to the victims that were directly affected by the fires and we as Calitornians must stick together in times like these. As we go into the holidays, be thankful for what you have and open your doors to the many people who have lost everything. Together, we can overcome this disaster.

This also got me thinking about my work partnerships. Who has helped me this year and guided me to make sound decisions. Whether it was an accountant, bank, advisor or bank, I appreciate these partnerships. If you don’t have these friends, maybe it’s time to change. Life is full of intersections and making the right decision could be a life changer.

Thanks for reading and wishing everyone a wonderful Holiday Season.

Small Business Owner’s Message

BY: Jonathan Cano, AT&T Business Solutions, Business Relationship Manager, jonathan.cano@att.com, 415-802-8994

As AT&T continues to partner with the City of Brisbane, our Corporate Social Responsibility approach is based on the foundational belief in the interconnectedness of our long-term business success and the strength of our communities and our world.
PLAN TO PREVENT SEASONAL WASTE

BY TERESA MONTGOMERY, Sustainability Manager, South San Francisco Scavenger Company.

According to CalRecycle, it’s estimated that between Thanksgiving and New Year’s Day, more than 1 million tons of additional waste is generated each week nationwide. You can help reduce this waste by following these tips:

MEAL PLANNING

• Do your best to buy only the groceries you will need. The “Guest-Imator” tool found at www.savethefood.com can help.
  • Break out the nice plates, silverware, glasses and linens for your holiday feast. Cleaning up may take extra effort but you’ll have much less waste. If you must use disposable tableware, choose compostable products. Refuse to use Styrofoam.
  • Have a plan for leftovers. Stock up on reusable storage containers to fill and freeze or send home with your guests. For great recipes that call for common leftovers, visit www.bonappetit.com and type “Thanksgiving leftovers” into the search box.

• Compost the food scraps you can’t eat. Your green Organics cart will happily devour your turkey and ham bones, coffee grounds & filters, corn cobs, fruit peels & pits, unwanted fruitcakes and stale gingerbread houses.

GIFT GIVING

• Give experiences not things. Concert or movie tickets, registration to an art or cooking class, membership to a zoo or museum, and gift certificates for manicures/pedicures are good examples.
  • Choose products that won’t end up in the landfill by Easter. If giving toys, clothing, shoes, jewelry or electronics, choose durable options that can be enjoyed for years to come. If a gift requires batteries, buy rechargeable.
  • Purchase gifts that encourage reuse and conservation— reusable shopping bags, refillable water bottles & coffee mugs, learning thermostats, smart light switches, and LED lighting for example.
  • Avoid giftwrap that isn’t reusable, recyclable or compostable. Do not buy plastic ribbons and bows. Consider packaging gifts in a reusable bag, pillow case, or towel (bath, kitchen or beach!). Use last year’s holiday cards to make gift tags.

**PANORAMA ELEMENTARY SCHOOL IS ON IT’S WAY TO A GETTING A NEW PLAYGROUND IN PARTNERSHIP WITH KABOOM! AND KAISSER PERMANENTE!**

**BY: SARAH NEIDHART, Panorama Elementary School Principal, sarahneidhart@schoolmail.com**

Panorama School recently received a grant of over $80,000 from KaBoom! to build a new play structure for their students. Thank you to Panorama PTO Co-President, Kate Goka for writing this grant! The first step was to meet our Kaboom! Project Manager, Jacob Statchler and start to design our new play structure. Students had many ideas about what their dream play structure would look like. School community members and staff are now working to plan and build the play structure on Saturday, December 22.

One of the first steps was to take down the current playground. A group of parents, former students, and friends worked all day to make this happen. Thank you to Raul, Ricky, and Frank Alcaraz, Joseph Gutierrez, Frankie Thomas, Martin Gonzales, Kelsey Taleamali, Jose Ortiz, Antonio Andrade, Sergio Garcia, Chris and Ralph Martin, Keegon Black, Norman Coral, and Kevin and Scott Anderson for working ALL DAY on Saturday to take down the play structure so that we can build a new one!

Panorama School is forever grateful to all the staff, students, and community members who have been working endlessly to make this happen. This project has taken a lot of teamwork! We are now getting ready to move on to the next stage of planning and you can join us!

Project Information: Who: A total of approximately 200 volunteers from Kaiser Permanente, Panorama Elementary and KaBOOM! Work is available for volunteers of all levels of skill and ability. When: Saturday, December 22nd, 2018 from 8:00am - 3:00pm. Where: Panorama Elementary - 25 Bellevue Avenue, Daly City, CA 94014. What’s Provided: Breakfast, lunch and water will be provided. Gloves and other safety materials will be provided for the projects that require them. All volunteers will receive a T-shirt to wear during the project. What to Wear: The playground build will happen rain or shine. Please come dressed for the weather. Closed-toe shoes are required; please leave valuables at home as secure storage is not available on site.

**Build Week Schedule**

**Prep Day 1:** Thursday, December 20, 30 volunteers are needed for hole digging, wood cutting, and hardware sorting. **Prep Day 2:** Friday, December 21, 10 volunteers should be on “stand-by” in case they are needed for hole digging and wood cutting. **Build Day:** Saturday, December 22 200 Kaiser Permanente and community volunteers are needed for playground and wood project assembly, mulch moving, and concrete mixing.

If you can help The Brisbane School District with this project please sign up! We would love to have you join us.

To register to help Panorama School build a new playground follow this link: [https://www.tfanalytics.com/4698618](https://www.tfanalytics.com/4698618)

**MONEY Matters**

**GOT DEBT?**

**BY: CURTIS ROE, Board Member Brisbane Chamber of Commerce, CPA, Director - Finance, Purcell Murray, croe@purcellmurray.com**

The midterm elections are over. Did you vote no on yes or yes on no? We had several issues come up regarding the issuance of new debt. I have to admit, when I read some propositions, it was hard to not jump on a bandwagon and support the issue whole heartedly. Who doesn’t want to help house people in need? Who doesn’t want clean water? Who can say we don’t need hospitals for children? Not I. Who likes to pay more taxes for debt service? Not I again.

I just checked the national debt and it is coming in at $21.7 trillion or $21,725,713,263,679. This equates to about $66,000 per citizen. According to treasurydirect.com, our interest expense this year will be $523 billion. It was about half that back in only 1990. According to usdebtclock.org, the debt for the state of California is $426.6 billion. This equates to $10,711 per citizen.

How did you vote on Proposition 6? Did you catch that a yes vote meant you were in favor of repealing the 2017 additional gas tax? I wrote about this last year. I was not in favor of it at all. It seems to me that the taxes we pay should be sufficient to cover the costs of maintaining the roads. They might be if they are used for that purpose. Frankly, I can’t say whether they are or aren’t. I have seen a lot of effort put forth to improve the conditions in many places in recent months. I appreciate that and took that action as a sign that the promise previously given to “ear mark” the money for the roads has been followed. I voted to not repeal the tax. Let’s not talk about the bullet train. But please do consider these facts when voting in the future. I will. We can’t vote with just our emotions.

By the time you read this, I sincerely hope we are done with this year’s fire season. I had 2 family members move in with me for a while. As of right now, we don’t know if their homes are standing or not. It has been too much to describe with words. I am trying to be more patient with every situation I am in. I have no idea what the other people are going through and it might just related to the Camp Fire or some other great disaster.
